Greetings,

We are proud to administer the Safe at Home program in Iowa. This address confidentiality program protects survivors of domestic and sexual violence, trafficking, stalking or assault.

Safe at Home enables participants to become active members of society by keeping their home address off of public records. It allows participants to enroll their children in schools, obtain a driver’s license, and register to vote while still maintaining their confidentiality. All Iowans deserve the right to live their lives without fear.

I hope that Iowans will work together to help survivors rebuild their lives and preserve their safety.

Every Iowan deserves to be safe at home.

Helpful Hints
